COSTA MALAGA: OF WARM SANDS, BLUE SKIES AND COOL WATERS...

ENGULFED in a romantic cove, one finds a serene home influenced by the other side of the world. A lifestyle exceptionally different from the usual and dreamed by many, a tranquil living one would want to take hold of everyday, seven days a week, 24 hours a day, away from the busy streets and boisterous crowd.

This is Costa Malaga – the newest slice of Mediterranean dreamscape in the highly exclusive Club Morocco Beach Resort and Residential Estates located in Subic, Zambales where one can build his own piece of paradise in any of its prime beach lots. It is intricately masterplanned to give utmost relaxation, peace and holiday lifestyle. A blissful spectacle of white sand beach that is simply breathtaking and gives a luxurious atmosphere that can easily soothe one's body and soul.

A fusion of Arabic, French, and Spanish architecture

Costa Malaga is designed to give a feeling of instinctive seductiveness and charisma that is genuinely Moroccan. They give a illusion of being transported to that part of the Mediterranean steeped in Moorish, French, and Spanish influences and exclude the culture and ambiance of the Kingdom of Morocco in North Africa. The club is a profusion of stylish Moroccan patterns- stained glass designs, geometric latticework, marble floors, and porticos.

Mediterraza villages, resort and beach club

In addition to its residential features, Club Morocco also offers the services of a world-class resort. The resort and beach club feature five VIP suites, 10 deluxe rooms, 10 family villas and 10 day cottages- all carefully crafted for ultimate relaxation as one enjoys the breathtaking view of the beach in private refuge. A variety of landscapes with tree-lined streets, wide concrete roads, centralized and interrelated water, drainage and electrical systems provide comforts in this one piece of paradise.

The Moroccan adventure

One will never run out of ways to have fun in Club Morocco. State-of-the-art indoor sports, fitness center, spa and sauna are sure to delight the health buffs wanting to be pampered. Outdoors, aqua sports facilities such as jet ski, wind surf, paddle boats, paddle trikes, motor boats and wave riders provide enough trill to the adventurous. There are also tennis and basketball courts, bowling and billiard hall, and a kiddie playground for the entire family's enjoyment. For exotic cravings, a mouth-watering array of cuisine is regularly served at the Casablanca Restaurant offering a wide variety of sumptuous and delectable recipes ranging from Mediterranean, to Continental, to Filipino dishes – in distinct flavors.

Accessibility and convenience

Only 30 minutes by plane or 2½ hours by land from Manila, Club Morocco is exclusively available for members and privileged guests.

From the country's leading property developer Sta. Lucia Realty and Development Inc., together with its exclusive Marketing Arm, Royale Homes Marketing Corp., come and feel a slice of Club Morocco-the Mediterranean dreamscape-by being one of the first lot owners in Costa Malaga.
